Request for long term confidentiality of the Internal photos for our short range radar sensor with FCC ID: LTQSRR4

Dear Sirs,

Pursuant to Sections 0.457(d)(1)(ii) and 0.459 of the Commission's Rules we would like to kindly ask you for a **long term confidentiality** of the internal photos from our short range radar sensor due to following reasons:

Our radar sensors are fully laser welded and cannot be opened and accessed by public persons. None of the public manuals include internal photos.

In case of failures the sensors can only be **maintained/replaced by professional designated technicians trained and working at appointed OEM car shops.**

LTQSRR4 sensor is a PROTOTYPE, manufactured only in a small lot and will be replaced by an revised design which will be certified separately.

See also the enclosed NDA dated 250320.

We would be glad if you could help us protecting this special design.

Yours Sincerely

Ljiljana Trivic
