

FCC ID: LU9338376

Technical Description :

The brief circuit description is listed as follows :

- U1 acts as Encoder.
- Y1, Q1 and associated circuit act as 27.145 MHz Oscillator.
- ZD1 and associated circuit act as Voltage Regulator.
- Q2 and associated circuit act as Modulator and Amplifier.
- S2 – S5 act as Control Keys.

Antenna Used :

An integral antenna has been used.
