FCC ID: LUBCFBC04-1

Socket Communications requests a Class II Permissive Change for FCC ID: LUBCFBC04-1. It is requested that the following language be removed from the Grant of Certification:

The antenna used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This change is requested so as to allow OEM customers using this Compact Flash Bluetooth Card to integrate it into products along with other transmitters, typically 802.11 b/g products for certification in their end products.

Please don't hesitate to contact me if you have any questions regarding this request for a Class II Permissive Change

A handwritten signature in black ink that reads "R. Cole".
