Attention: Reviewing Engineer

Reference: Certification: **CFR 47 Part 15**
Applicant: Rosemount Inc.
Equipment: Wireless Guided Wave Radar Level Transmitter
Model #: 3308A
FCC ID #: LW23308A

Dear Sir/Madam:

We are applying for a class II permissive change under the FCC rules. The Rosemount Model 3308A Wireless Guided Wave Radar Level Transmitter has had the following modifications since its original approval in 2012:

1. Modifications to the on circuit board include moving the 3VDC plane under the radio chip to enhance radiated immunity performance, and changed resistors R562 and R528 to a value of 10 ohms to reduce noise in the power supply.

Should you have any questions, please feel free to contact the undersigned.

Sincerely,
Merritt Pulkrabek
