Subject: Hetronic CS2400 Internal Photo's and Parts List Confidentiality

To Whom It May Concern,

The Hetronic CS2400 module internal photos and parts list contain sensitive technical details concerning our product. These photos and parts list contain trade secrets which provide Hetronic with a competitive advantage over our competitors. The CS2400 unit depicted in these photos and associated parts lists is modular in nature. It will only be used in Hetronic products and will not be user accessible in its' final installation. There is an RF shield permanently affixed to the module covering its internal circuitry.

Hetronic International, Inc. maintains full control over the final installation of this device.

Sincerely,

Compliance Director

David M. Cameron

Subject: Hetronic CS2400 User's Manual Confidentiality

To Whom It May Concern,

The Hetronic CS2400 User's Manual contains sensitive technical details concerning our product. The item described in the user's manual and/or depicted in any subsequent internal photos, is modular in nature. The CS2400 RF module will only be used in Hetronic products.

Hetronic International, Inc. maintains full control over the final installation of this device.

Sincerely,

VP of Engineering

Tom Marks
