Subject: Hetronic CS458TRT-1 Internal / External Photo's and Parts List Confidentiality

To Whom It May Concern,

The Hetronic CS458TRT-1 internal photos and parts lists contain sensitive technical details concerning our product. These photos and the associated parts list contain trade secrets which provide Hetronic with a competitive advantage over our competitors. The CS458TRT-1 unit depicted in these photos and parts list is modular in nature. It will only be used in Hetronic products and will not be user accessible in its' final installation. The device will only be serviced by licensed technicians, and the internal circuitry would not be accessible to the general public.

Hetronic International, Inc. maintains full control over the final installation of this device.

Sincerely,

Compliance Manager

David M. Cameron
