May 24, 2006

FCC: LW9-MFSLH-BMTX

In response to your comments dated 23 May 2006 regarding the application for certification of the devices referenced above please find our responses below:

1.) Canadian SAR attestation is needed for all IC applications. Please see attachment.

*Please find this document in the uploaded files named:
06364-10 Hetronic MFSLH-BMTX RF Safety Attestation Ltr.pdf*

2.) External Photos must show top, bottom and all sides please revise External Photos.

*Additional photographs taken and uploaded for review in file name:
06364-10 Hetronic MFSLH-BMTX Photos-External 2.pdf*

3.) The test report states that the cable connection is not available at this time. Could you please put that on the company letterhead and have it as an attestation that hard wired connection is not available only wireless is available at this time.

Client letter uploaded for review.
