Subject: DENSO International America, Inc.
FCC ID: LXC-E210
FCC E911 Requirements Per §22.921

Gentleman:

DENSO International America, Inc. hereby certifies that the analog cellular telephone (FCC ID: LXC-E210), using the Automatic A/B Roaming – Intelligent Retry method, meets the E911 requirements specified in Section 22.921 of the FCC Rules. This procedure recognizes when a "9-1-1" call is made and, at such time, will override any programming in the mobile unit that determines the handling of a non-911 call and permit the call to be handled by other analog carriers.

Should you have any questions or comments regarding the above, please contact the undersigned.

Best regards,

A handwritten signature in black ink, appearing to read 'Dave Ponsford', with a large, sweeping flourish extending to the right.

Dave Ponsford
Vice President Wireless Technologies
