3173/PAU

Dear Sirs,

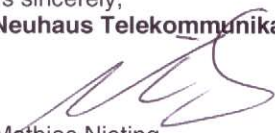

Please find enclosed the application for FCC approval according with applicable rules of the EGPRS/GSM router SIEMENS MD741-1.

The SIEMENS MD741-1 is wireless router for GSM networks supporting EGPRS and GPRS. It is a product of the SIEMENS AG, Germany. It is a composite device of equipment class JBC (computing device) and JBP (peripheral device). It contains FCC ID QIPMC75.

SIEMENS AG is the applicant for the FCC approval and will later on be the licence holder. Dr. Neuhaus Telekommunikation GmbH is authorised by SIEMENS AG to apply in the name of SIEMENS AG for the FCC approval.

In case of any question, please contact **Claus Pauluhn**, Tel. +49 (40) 55304-5580, [PAU@neuhaus.de](mailto:PAU@neuhaus.de).

Yours sincerely,  
**Dr. Neuhaus Telekommunikation GmbH**

  
i.V. Mathias Nieting  
Director R&D

  
i.A. Claus Pauluhn  
Project Manager
