MAR 7 2006

Mr. Andy Leimer
Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Dear Mr. Leimer:

The Federal Aviation Administration, Office of ATC Spectrum Engineering Services, has reviewed the Type Acceptance Certification request from ELTA for their Emergency Locator Transmitter (ELT) Model ADT 406 S, ID number LYJADT406S. The technical data for this equipment was sufficient for review and is consistent with the spectrum requirements for this type of system. Therefore, based on our review of this system and the fact that it is a survival type ELT, we have no objections to certification of this device.

Should you have any questions or concerns, please contact Mr. Donald Nellis, Spectrum Planning and International Office, at (202) 267-9779.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael G. Biggs".

Michael G. Biggs,
Acting Manager, Spectrum Planning
and International Office
