RE: FCC ID LZ6ALPHA510SERIES
Applicant: Fomotech
Corr. Ref. #:
731 Confirm. #:
Date:

In reference to a request for certification from Fomotech Elite performed a certification of the above referenced product manufactured by Fomotech. Deficiencies were discovered during the certification process. The noted deficiencies were addressed in correspondence between the appropriate test facilities and Elite Electronic Engineering. The correspondence is indicated below.

Questions from Elite dated June 12, 2001.

1. Exhibit B Product/Operational Description. The operational description submitted to Elite for certification is incomplete. Please submit an operational description that includes a description of circuitry required per 2.1033(b)(4) of CFR 47. Enclosed is the operational description explanation from the FCC database.

Response to Elite's questions dated June 12, 2001.

A new exhibit was submitted.

Comments:

Responses to questions were proper and satisfactory certification was granted.
