Mr. Fujimoto:

In order for processing of this certification application (FCC ID: M3UWRCE) to continue, the following issue(s) will have to be addressed:

- 1) Please provide appropriate justification for not displaying the two-condition statement required by section 15.31(a)(3) of the FCC rules on the device label
- 2) The operational description indicates that transmissions are automatically activated; however, the test report makes reference to a button, which would infer manual operation. Please clarify.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is FCC ID: M3UWRCE -1.
