

This is instructions to the vehicle manufacturer who will provide the Vehicle Owner's Manual to be included the following statements;

NOTICE: Changes or modifications to this product by other than an authorized service facility could void the product warranty.

The Magne Charge Inductive Charger Model TCG2000 operates on a radio frequency subject to Federal Communications Commission(FCC) Rules.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:(1)This device may not cause harmful interference,and(2)This device must accept any interference received,includingf interference that may cause undesired operation.

The product has been designed to protect against Radio Frequency Ionterderence(RFI). However,there may be some instances when high powered radio signals or nearby RF producing equipment(such as digital phones,RF communications equipment,etc.)could affect operation. If interference to your charger is suspected,we suggest the following steps be taken before consulting your Magne Charge Sales and Service Representative for assistance:

- 1.Reorient or relocate nearby electrical appliances or equipment during charging.
- 2.Turn off nearby electrical appliances or equipment during charging.

Changes or modifications to this product by other than an authorized service facility could void authorization to use this equipment.
