Subject: Request for Class 2 Permissive Change

Reference: M5LR3STS (original date 07/23/2010)

To whom it may concern:

Pursuant to §2.1043 we hereby request a Class II Permissive Change for the above listed device to cover following performed modifications:

Due to the EOL (End Of Life) of the A-sensor (3-axis accelerometer) VTI SCA3000 (18-lead in MID package) which was replaced with VTI CMA3000 (8-lead in BGA package), there is a design change on the circuitry and PCB layout for the A-sensor related section. However, there is no change in existing RF relevant portion.

Thank you for your attention in this matter.

Sincerely,

SIGMA SPORT USA LLC.
