

## Declaration of Completion of Integration Validation Performed for the Bluetooth Module

**ATTESTATION:** I attest that the confirmation of integration validation performed on the Bluetooth module (*FCC ID: QOQBGM111, IC: 5123A-BGM111*) and T30 Reader (*FCC ID: M5VC30049X, IC: 7369A-C30049X*) was completed in accordance with KDB 996369 D04 Clause 3.1b. The validation was performed with the Bluetooth module and Mifare transceiver in the T30 Reader in simultaneous transmission.

No emissions exceeded the highest limit permitted as required by Section 2.947(f). No anomalies were detected during repeated scans. The presence of the T30 Reader has no detrimental effect on the Bluetooth emissions.
