

Non-Conformities FCC ID: M5VG031504 (CKC CS Ref # E07-000111-FCC-01)

The items listed below represent requests for information following review of this application for certification under United States (FCC) regulations. Further question may arise pending review of responses to these items.

OK	#	Non-Conformity or Comment	Submitted Response	Respondent / Date of Response
x	1	The confidentiality letter provided includes a request for confidentiality for internal photos. This request must be justified in order to be considered legitimate; proper justification includes such items as (for example) this item is normally potted and any attempt to remove the potting material would destroy the unit. Please provide a revised confidentiality letter either providing proper justification for the request or removing the internal photos from the confidentiality request.	Updated confidentiality letter provided	Gallagher 11/20/07
x	2	The block diagram and operational description refer to an optional Bluetooth module. There is no indication of a wireless module FCC ID on the label provided. Additionally, no test data has been provided. Please clarify what module is used and how it's compliance has been assessed. CKC CS Comments: recent email indicating question of how to implement blue tooth module further gives rise to this question.	I have checked with the OEM provider. their request for compliance is "Contains Transmitter Module FCC ID: QOQWT11". Applicant to place ID on label, this application listed as marketed with the ID listed above.	Gallagher 11/18/07
x	3	Voltage variations required by 15.31(e) do not appear to have been performed according to the test report. Please update test report as necessary.	Updated test report provided.	Gallagher 11/13/07
