re: FCC ID: M5ZWOWPRES

Gentlemen:

Enclosed please find the Point Six, Inc. application for FCC Certification of the Point Six Wireless Pressure Sensor, Model WOW-PRES.

The test data submitted as part of this application were prepared by Lexmark International, Inc. with offices at 740 New Circle Road NW, Building 036; Lexington, Kentucky 40511-1876. Lexmark International has A2LA accreditation for EMC testing. Certificate number 0872-01, valid to October 31, 2003. The facility used for radiated measurements is owned by Lexmark International, Inc. and was recognized by the Commission as meeting the requirements of section 2.948 of the Rules via a letter dated August 20, 1998.

We submit the information in this application pursuant to the requirements of section 2.1033 and Part 15 of the Federal Communications Commission Rules and Regulations. We request that the Commission grant equipment authorization as soon as it is determined that the attached Application for Equipment Authorization is acceptable.

We further request that the schematics and block diagrams of the Point Six Wireless Pressure Sensor Model WOW-PRES, be treated as confidential information as provided for in 47 CFR Section 0.459 (d) (2). Point Six considers this information to be a trade secret. The schematics and block diagrams are in Word files (included with this application) and are listed as wowpres(Schematics).doc and wowpres(Block-Diag) respectively.

Thank you in advance for your assistance. If further information is required concerning this application, please do not hesitate to contact me.

Sincerely

John I. Compton
President, Point Six, Inc.
