Date: April.28<sup>th</sup>.2006

FCC ID: M6Y2755T

To Whom It May Concern:

This is the letter of Confirmation to declare the product and frequency information as following:

Product name: UltraClear™ Baby Monitor

Model numbers : 2755B

For 49MHz frequency band which apply for FCC Certification, it will use 4 frequencies:

Frequency: 49.830MHz, 49.860MHz, 49.845MHz, 49.875MHz

This Radio control operating frequencies are crystal-controlled. **The crystal is fixed soldered and the user can not have access to it.** All products are shipped from the manufacturer with their crystal installed. Further more, two sets of product(A-B & X-Y) is only different on the crystal of the product, others is same.

Yours sincerely,
