Subject: FCC TCB Surveillance Audit Testing on Model SMCO400.

Mr. Abbondante,

As stated in the previous update, Intertek tested prototype samples of Model SMCO400 specifically prepared to satisfy the request for surveillance samples.

Model SMCO400 (FCC ID: M7U-400) has never been sold to the public.  
Due to new products in development this design will never be sold to the public.  
Therefore, BRK Brands, Inc. formally request that FCC filing M7U-400 be dismissed.

BRK Brands considers this letter to be the final update on this topic.

If you have any questions or comments, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dan Eavenson', written over a horizontal line.
