Subject: Proposed changes to MorphoAccess 500 Series User & Installation Guides.

To whom it may concern,

We have proposed the following changes to the MorphoAccess 500 Series User and Installation guides.

Installation Guide, pages 7 and 8 of 38 will be replaced with the modified amendment on the following page.

User Guide, pages 6 and 7 of 94 will be replaced with the modified amendment on the following page.

Certification information that is contained in the Preliminary User and Installation guides should be disregarded in favor of the modified page that will become part of the final draft of these guides.

Scott R. De Witt
Hardware Technician
Sagem Morpho Inc.

Certifications

Europe information: SAGEM hereby declares that the SAGEM MorphoAccess has been tested and found compliant with the following listed standards as required by the EMC Directive 89/336/EEC: EN55022 (1994) / EN55024 (1998), EN300-330 (1999) and by the low voltage Directive 73/23/EEC amended by 93/68/EEC: EN60950 (2000).

USA information:

Responsible Party: Sagem Morpho Inc, 1145 Broadway Plaza, Suite 200, Tacoma, Washington (USA), 98402, (800) 346-2674.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the users authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at their own expense.

This device complies with part 15 Class A of the FCC Rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

Canadian information:

This Class A digital apparatus complies with Canadian ICES-003.

Cet appareil numérisé de la classe A est conforme à la norme NMB-003 du Canada.
