Main Unit - Internal View 3

A photograph showing the internal components of a portable electronic device. A blue printed circuit board (PCB) is visible, populated with various electronic components including integrated circuits, capacitors, and resistors. A large black integrated circuit is prominent in the center. The PCB is mounted within a black plastic housing. A ruler is placed vertically on the left side of the device for scale, showing measurements in centimeters. The text "MADE IN JAPAN" is visible on the ruler. A red wire is connected to the top of the PCB. The device is resting on a pink surface.
