Subject: Request for Confidentiality
FCC ID: M9H4100380001

To Whom It May Concern:

In accordance with § 0.459 of CFR 47, SAGEM SA requests confidentiality for the following items:

1. Block Diagram (Exhibit 4)
2. Schematic Diagrams (Exhibit 5)
3. Information Required for Certification (Exhibit 10)

These items contain detailed system and equipment description and related information about the product which SAGEM SA considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, SAGEM SA also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.
