Re: FCC ID MCL74487604 with regard to NII filing EA125440
To Whom It May Concern,

It is the intent of the Hon Hai Precision Ind.Co.,Ltd. to amend the application for NII grant FCC id MCL74487604 to remove the 5250-5350 and 5475-5725 bands which require DFS functionality and request that only the 5150-5250 band be listed along with the entire DTS set of bands. This alteration of the system will require only that we update the software and firmware to block the DFS bands.

The test report and RF exposure report will be resubmitted and reflect only the channels applicable to this amended filing.

Please contact me if you have any questions

Regards
Thank you.

Sincerely,

Name: Rio Chen
Title: Compliance Deputy Manager
