

NEHS1081 Manual Errata

This errata covers the 317-7493 Wireless Radio.

1. All sections (and in particular the frequency section) are amended to exclude the bands from 5260-5320 MHz and the 5470-5725 MHz.
2. Channels at 5260, 5280, 5300, 5320, 5500, 5520, 5540, 5560, 5580, 5600, 5620, 5640, 5660, 5680 and 5700 are NOT provided and are not supported in North America.
3. There is NO support for DFS or for any channels which require DFS, in North America.
4. The ONLY channels supported in North America are 5180,5200,5220 and 5240 in the lower band and 5745,5765,5785 and 5805 in the upper band.

The manual affected is provided on CD and incorrectly included the DFS channels.

This device has no support for the DFS channels in North America.
