Rule Part	15.247 (15C)

Overview

This application is for an original approval of Digi Internal, Inc.'s ConnectPort X2e Wi-Fi, FCC ID: MCQ-X2eWIFI. This device contains a Wi-Fi radio, along with one of 2 possible previously approved radio modules, operating in the 2.4 GHz ISM band. Either FCC ID:MCQ-XBS2C, with max power of 8 dBm, or FCC ID:MCQ-XBPS2C, with max power of 18 dBm, will be permanently installed by the manufacturer on the circuit board. The device will be labeled accordingly to show which module is installed. The configuration with the highest output power was reported.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
