                 Reviewing Engineer

Re: Request for confidentiality per Section 0.459 of FCC Rules

Applicant: Input/Output  
Equipment: 217-219 MHz Part 90 Transceiver  
FCC ID: MCV-FSU101

To whom it may concern,

Request is hereby submitted, on behalf of my client Input/Output Inc., to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifier. In particular, the following sections of the application and report are requested to be kept confidential:

Schematics  
Block diagrams  
Operational Description

Rationale for request for confidentiality:

Input/Output has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS  
EMC Consultant/Agent for Input/Output
