## **Transmitter Tune-up Information**

Applicant: Input- Output Inc.  
FCC ID: MCV-FSU101

From the manufacturer:

"The product is assembled with fixed-value components and tested on a go/no-go basis. There are no tuning steps at manufacturing and no access or adjustment options available to the user. If units are found to be deviating, they will be returned to the manufacturer and the radio module will be replaced and the unit re-tested on a go/no-go basis."
