Subject: Permissive Class II change for FCC ID: MFM-11-133

Dear Sir,

The 11Mbps Wireless LAN Card, Model No.: 11-133, FCC ID: MFM-11-133 need to do the Class II change due to adding the series of antenna. We evaluated that the changed would NOT affect the RF characteristics except for the Radiated Spurious Emission, Maximum Output Power test and Band-edge.

The product has conducted the Radiated Spurious Emission test, Maximum Output Power and Band-edge test compliance with the CFR 47 Part 15 Subpart C 15.247 and relative regulations. For more details, please refer to the test report.

If you have any question, please feel free to contact me.

Best Regards,
