

A white rectangular object, possibly a sensor or a small table, is placed on a wooden table. The object has the text "X-Axis" written on its front edge in black. The scene is set in an anechoic chamber, with walls covered in black pyramidal absorbers and a floor mat of blue pyramidal absorbers. A piece of equipment is visible in the background on the left.

X-Axis

The image shows a mobile phone standing vertically on a small white foam block. The phone is held in place by a blue ribbon that loops around its sides. The entire setup is on a larger white foam block. The background is a wall of dark, square-shaped acoustic absorbers in a grid pattern. The text "Y-Axis" is printed in black on the front surface of the white foam block.
