√	C	1	Please put in your User's Manual the no modification statement required by 15.21. Okay-CKendall 1/25/10	Please see the 2nd page of the user's manual. It already has this information.	Jesse Mendez 1/22/10
√	C	2	The zip code for this application was stated as 90603 and the FCC has it listed as 90630. Please change. Okay-CKendall 1/25/10	This was a typo on my part when uploading the application. The actual Zip code is listed as 90630 in all the documentation provided by the customer. I simply transposed the numbers. Updated the Application and all areas that require it.
