Re: Request of Confidentiality for FCC ID: MHATMS1

Pursuant to Sections 0.457 (d)(1)(ii) and 0.459 of the Commission's Rules, Data Sciences International (DSI) Inc. hereby requests confidential treatment of information accompanying its application for certification as outlined below:

Internal Photos – These photos are of electronic assemblies that are normally potted in epoxy such that it would be extremely difficult for someone to reverse-engineer the circuit. Also, to expose the internal electronic assembly, a watertight implantable housing must be destroyed. Since the public never has access to the views of the electronic assembly shown in these photos, we feel it is reasonable that the Internal Photos be held confidential.

Block Diagrams
Operating Description
Schematics

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters would be harmful to DSI Inc.

DSI Inc. understands that pursuant to Rule 0.457 (d)(1)(ii), disclosure of this Application and all accompanying documentation will not be made before the date of the Grant for this Application.

Sincerely,

Perry Mills
Chief Technical Officer
Data Sciences International
