RE: Confidentiality Request for FCC ID: MHIZGB20
Card Access Security Sensor Bridge V2

Card Access, Inc. hereby requests confidentiality for the below listed material:

- Block Diagrams
- Schematic Diagrams
- Operational Description

Card Access, Inc. also hereby requests short-term, 45 days, confidentiality for the following items prior to marketing the device:

- Test Setup Photos
- External Photos
- Internal Photos
- Operation Manual

These documents contain detailed information related to the product which Card Access considers to be proprietary, confidential, and a custom design that we otherwise would not release to the general public. Since this design is a basis from which future technological products will evolve, Card Access considers this information to be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an advantage in the market.

Sincerely,

A handwritten signature in black ink that reads 'James A. Stout'.
