

Presenting the GSM/GPRS Wireless Portfolio! Enfora's Patent Pending case design enhances your Pocket PC or Palm PDA by giving you access to worldwide GSM networks.

Here are just a few of the benefits of using Enfora's GSM/GPRS Wireless Portfolio with your Pocket PC or PalmOne PDA:

- Browse the internet, send and receive emails, communicate by instant message or SMS!
- Make and receive calls using your PDA, just as you would from your phone.
- InfraRed connection allows the Wireless Portfolio to work with a wide variety of PDA's.
- BVRP pocket PhoneTools® provides easy set up and configuration with the majority of worldwide carrier settings already preconfigured.
- Integrated battery provides extended wireless data usage.
- Handy carrying a case protects your PDA.
