United Kingdom

To whom it may concern

Enfora, Inc. is requesting to make a Class II Permissive change for the product **GSM3408**, FCCID **MIVGSM3408**, the purpose of the change is to reflect changes made to the antenna area. The changes involved a different antenna connection and adding a Low Pass Filter circuit to the antenna to reduce harmonic emissions content above 2GHz. Transmitter power and SAR performance have been retested to verify no performance impact of the changes.

Sincerely

Rob Holden

A handwritten signature in black ink, appearing to read "Rob Holden", with a long horizontal flourish extending to the right.
