MIVCNN0301 Declaration

The MIVCNN0301 module that is to be integrated into the host (MIVRTT2211) is electrically identical to the MIVCNN0301 module that was originally approved.

The original test results continue to be representative.

Sincerely,

A handwritten signature in black ink, appearing to read "Todd Gallagher". The signature is fluid and cursive, with the first name "Todd" and last name "Gallagher" clearly distinguishable.
