

Follow the onscreen prompts for an overview of the interface or take a tutorial on **Blockly** or **Python**. Now, it is time to code!

Update your pet!

your password.

Pyxel may need an update! Go to CodeWithPyxel.com/update on your device and download the update file. Connect to Pyxel and go to Settings, then Update. On your device, choose the file you just downloaded and open it. Pyxel will update and restart!

Reset Wi-Fi password

Slide the power switch to the off position, then back on. Repeat this 3 times to reset the current Wi-Fi password. Pyxel's waist LED will change to Yellow if successful. Follow the setup steps, beginning with step 2, to create a new password and reconnect to Pyxel.

Cleaning Instructions: carefully wipe Pyxel's surface with a slightly damp or dry cloth. Do not immerse or spray any liquid on Pyxel.
