Federal Communications Commission  
Authorization and Evaluation Division

Re: **Mitel Communications, FCC ID: MLLGLXPT2 Confidentiality Request**

Pursuant to sections 0.457 and 0.459 of the Commission's rules, the Applicant hereby requests confidential treatment of information accompanying this Application as outlined below:

- Schematics (electronic diagrams)
- Block Diagrams
- Operational Descriptions (incl. tune-up information)
- Parts List
- Internal Photos

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters might be harmful to the Applicant and provide unjustified benefits to its competitors.

The product is supplied to the customer in an epoxy potted tube that does not expose any of the internal components. The tube enclosure is manufactured and supplied as a non-intrusive device and can not be serviced or dismantled. The design of the antenna and the unique solution of fitting the transmitter and the antenna in such a small enclosure are in the process of patent application. The installer and the customer can not reveal any of the internal parts, therefore we request to keep the internal pictures confidential.

The Applicant understands that pursuant to Rule 0.457, disclosure of the Application and all accompanying documentation will not be made before the date of the Grant for this Application.

Sincerely,

A handwritten signature in black ink, appearing to read "Yarum Locker", is positioned above the printed name.
