Confidentiality Request

Pursuant to sections 0.457 and 0.459 of the Commission's rules, the Applicant does not wish to publicly disclose certain technical information which is enclosed with this application. This material contains critical trade secrets and proprietary information. The public disclosure of these matters might be harmful to the Applicant (Mitel) and provide unjustified benefits to its competitors. Mitel requests that the Commission withhold this information from public inspection.

MATERIAL TO BE HELD CONFIDENTIAL:

- Schematics
- Bill of Materials
- Block Diagrams
- Operational Description
- Internal (Circuit Board) Photos

Once installed, the electronic assembly is permanently sealed inside of the transmitter enclosure which cannot be opened without destruction of the mounting device (clamp seal). The above listed material is confidential and is not available to the public or end user.

The Applicant understands that pursuant to Rule 0.457, disclosure of the Application and all accompanying documentation will not be made before the date of the Grant for this Application.

Sincerely,

Yarum Locker
