To Whom It May Concern:

Ref: FCC ID: MMA91-1110B, GRANT DATE 3/12/2007

Referenced radio was FCC approved listing power output at 110 Watts. Midland Radio Corporation requests re-issue of the grant to include both high power of 110 Watts and low power of 5 Watts.

Request is made under the provisions of a Class II Permissive Change.

Sincerely,

David Kingsolver
Director of Engineering
Midland Radio Corporation
