Reference: Application for FCC certification of frequency hopping spread spectrum transceiver. Application #: \_\_\_\_\_

Gentleman

AWID hereby requests confidentiality per CFR 47 0.457 and 0.459, with regard to the following document in the filing docket identified by FCC ID: **MMF8485SEAW**.

- (1) Block diagram
- (2) Schematic diagrams and parts list.

AWID submits that these documents contain details of the proprietary operation of the equipment, which are not readily discernable from simple inspection of the equipment; and this is true even to the technically sophisticated individuals. It is therefore the opinion of AWID that disclosure of this information would result in significant lost of revenue and technology leverage. This information should be kept confidential for a period of 7 to 10 years.

We request that these document and this letter be segregated from the body of our evaluation report and withheld from public inspection.

Thank you for your attention.

Yours truly,

Donny V. Lee  
Chairman & CEO
