PHONE: (800) 736-6677 • FAX: (541) 471-6251

Module Series	LC TXM	Architecture	Saw Based FM/FSK
Modulation Method	FSK	Duty Cycle	NA
Frequency	☐ 315 ☒ 418 ☐ 433.92	Overall Accuracy	± 95 KHz
Occupied Bandwidth	15 KHz		

This product utilizes a modular hybrid RF stage manufactured by Linx Technologies Inc. The module contains all RF components excepting antennas. While each module is inherently designed to meet or exceed all FCC requirements, external factors such as antenna selection, transmission content, and intended application may affect its use. A block diagram of the module's internal architecture and signal path is shown above. Additional information regarding the use, construction or testing of Linx modules may be obtained by calling (541) 471-6256, from 8-4 PST or addressing a written e-mail request to info@linxtechnologies.com.
