

We, Dorel Juvenile Group declare that this EUT (FCC ID: MNJ-MO163RX) doesn't have ad Hoc Mode function on "non-US/Canada frequencies". In addition, the frequency selection feature is disabled by firmware for devices marketed to the US/ Canada. For DTS part of this device, only channels 1-11 will be used in North America. Country code selection is disabled.

Should you have any questions or comments regarding this matter, Please have my best attention.

Sincerely yours,
