Re: FCC id: MP5-winroll-800
Confirmation # EA95870

Dear Mr. Chang,

This attachment is in response to your e-mail request of 2/16/2000.

1. You requested a re-filing of the Block Diagram.
This was sent today 2/16/2000 as an additional attachment to the above referenced application
The block diagram is on page 55 figure 48.
2. The reference to a previously filed application was for the purpose to advise that the exciter of this unit Winroll-800 was previously Certified and it should be of help for the Certification of this unit. The Exciter is manufactured by Aval Com and furnished to Harris as a Certified unit.
The FCC ID # for the exciter is NPVAVAL-PTS-136. The measurements of the Exciter continue to be applicable and representative.
3. I appreciate your comments about a single for the
