Subject: Original Application for Certification of Class B Computing Peripheral
FCC ID: MQ4CA2000 / NAT Router

Gentlemen:

Enclosed, please find AboCom Systems, Inc.'s application for equipment authorization dated October 21, 1999. The subject device is in compliance with Part 15, Subpart B of the FCC Rules.

This subject device is a broadband internet access router that connects 10/100Mbps local area networks (LAN). This device contains two LAN ports (Fast EtherNet and 10Base-T) that operate at 25 and 20 MHz and RS-232 serial interface port to support System Management Terminal (SMT). Also, this device is provided with AC Adaptor by DVD, type DSA-0151A-05A with DC cable with no ferrite core.

This EUT was network system tested with both LAN ports exercised at both transmission speeds. Tests were performed in accordance with ANSI C63.4-1992 to show compliance to CISPR 22 Class B limits.

Should you have any questions or comments, please contact the undersigned. Thank you for your attention and cooperation in this matter.

Sincerely yours,

Richard Mullen
