

OEM Installation Manual

All the antennas tested for WMG2400 will not be used in the notebook computer or laptop but the antennas will be installed in the desktop computer with PCI extended adapter. (Please see the figures). The notebook computer manufacturers have their own antennas to fit their design. If we ship WMG2400 to the notebook computer manufacturer, we will apply another FCC test with another antenna.

The three antennas will be installed in PCI extended card and wireless router. (or wireless access point. Please see the figures)

NOTE: This device can only be installed on the PCI card by the OEM or the OEM integrator. It's can't be installed by end user.

FCC ID: MQ4WMG2400
