RE: FCC ID: MQOTT601-20000_ATCB005242

Attention: Kathy Grzovic

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. FYI – This is for your information only and does not require a response to ATCB. Please note that a DoC can only be applied to certain types of equipment as specified in 15.101 of the FCC rules. Please note that a DoC report may only be done by a properly accredited test lab. Please note that the applicability of the DoC and its proper use on an FCC label is the responsibility of the grantee. ATCB recommends that the applicant address all associated DoC labeling issues and that such DoC labeling be strictly in accordance with the following: 47CFR 2.906, 2.803, 2.901, 2.906, 2.909, 2.948, 2.1071 through 2.1077, 15.19, 15.25, 15.31, 15.37, 15.101, 15.102 and any other DoC requirements not specified above
2. Please note that the operational description states “The charger supplies 12V at up to 500mA to the terminal to allow it to operate normally when in the charger.” This clearly indicates that the device operates while in the charger. This also indicates that line conducted emissions must be performed. The report states that line conducted was not performed. Please provide line conducted data per the FCC requirements.
3. Please note that the manual states SAR values, but no SAR report has yet been provided. Please provide the SAR report.
4. Please note that additional questions may be needed once the missing information has been provided.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
