

The image shows the back of a white electronic device, possibly a handheld scanner or a similar peripheral. The device has a rectangular shape with rounded corners. At the top, there are three circular indentations. Below these, there are two large black circular ports on the left and right sides, and a central gold-colored circular port. A white rectangular label is positioned in the upper-middle section of the back panel. On the right side, there is a white plastic protrusion with a small rectangular slot. At the bottom, there are two large black circular ports on the left and right sides, and a central gold-colored circular port. The text "Label location" is overlaid in blue on a white rectangular area in the lower-middle section of the device's back panel.

**Label location**
