Please find enclosed application materials for certification of Schrader Electronics AG5SD-F, AG5SD-D. We tested it and found it to comply with CFR Title 47, Part 15.231(a,e).

Current Variants:

There are two electrically identical variants of the EUT. Model AG5SD-F (Faraday) employs a smaller plastic chassis. Model AG5SD-D (Delta) employs a slightly larger chassis with a metal ridge molded into it.

If there are any questions regarding the application or testing performed, please contact us at the above address or call (734) 252-9785, or e-mail info@wrtest.com.
