

Ref

FCC: MRXFS1MAF4
IC: 2546A-FS1MAF4

Schrader Electronics have an existing application as per the FCC and IC numbers above. Schrader now wish to use an identical part with an alternative FCC/IC number to differentiate this part from the part of the original application.

The part is identical to that of the filed part however we request a new FCC and IC number. We would like to propose:

FCC: MRXAS1MAF4
IC: 2546A-AS1MAF4

Signed on behalf of **Schrader Electronics** by Adrian Condon

A handwritten signature in black ink, appearing to read "Adrian Condon".
