Re: FCC ID: MS8ESPH

To Whom It May Concern:

The following application is submitted on behalf of our client, Blue Tower Communications Ltd, for evaluation of their model ESP-PIT for certification under FCC Part 15.249.

The ESP-PIT utility meter transmitter is intended for meter pit installation below ground level, therefore testing was performed as typically installed in a meter pits described in this filing. For showing compliance to Part 15.249, a 4'x4'x4' dirt filled wooden test fixture (box) was used to simulate typically in-ground in use.

The ESP-PIT was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
